1. Make sure to have latest version of the ZED game on your PC. 2. Click the below download button and then wait for the download to finish. Once it is finished, then open the.zip file. 4. Run the program. ZED Windows full setup {Wanted to play online}: 1. Make sure you have an active internet connection. 2. Download the game from the URL. 3. Install it, 4. Run it All other ZED games available on Google play are all "free" for online play. IMPORTANT: The game is still in development, so you should be cautious about the outcome of the game. order to run ZED game, download and install "ZED" on PC from the below provided link. 09/06/2019 UPDATE: Let's play!! The game is totally free to play, it is just there to be a screen saver, this is a free clicker game, if you want to purchase the game or the game features, then go to yandex.ru and search for it. Additional Notice: When you first open it, it will say "BETA" on the game, yes its a beta. But when you first enter the game, it looks complete and polished, so don't get angry. Just wait a couple of minutes and let the game fully load. If you have a technical problem with the game, then feel free to report back to me and let me know. The only major problems that I have seen so far, is the jumping issue, when you jump on the grass, it will stop your movement and you will get stuck. If this is a major issue, then I would have to say that I was never able to successfully jump and survive. Read my FAQ (Frequently Asked Questions) before you start playing. Contact me on Twitch and on Skype if you have any questions at all.

===== HUGE THANKS TO ALL OF YOU WHO HAVE MADE THIS GAME A WOW PRIZE. Enjoy and stay tuned for the final story! A: Dead Zed is best played on a keyboard. Note: I have not tested any other keyboard controls and I am not
